# Strength

## The road to recovery begins here.

We understand what you want from rehab – a return to your life, a return to the activities you enjoy. And whether you're recovering from surgery, injury, or illness, you also want an environment that respects your dignity.

The Rehab Center at Richfield brings years

of experience, the latest technology, and a caring, knowledgeable staff to help you achieve your goals. Our outcome-

driven services are designed to make you stronger, more active, and return you to where you most want to be – *home.*

### Our Specialties:

- Orthopedic Rehabilitation: Fractures | Total Joint Replacements | Cumulative Trauma
- Post Stroke Rehabilitation
- Cardiopulmonary Care
- Renal Care
- Post-surgery Recovery
- Aquatic therapy programs in our saltwater pool
- Advanced Balance | Gait Recovery Program
- Therapy services available up to seven days a week

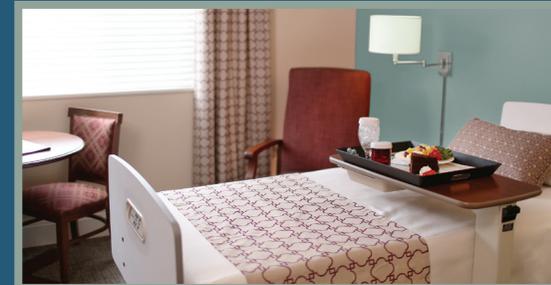

## Amenities that are almost like home

- Private rooms that include a private bathroom with shower, personal phone, safe and small refrigerator.
- Meals made to order and delivered to the patient's room or served in our café
- Flat screen TVs, Wi-Fi internet access, hair salon and personal laundry facilities
- A business center equipped with computers so patients remain connected

- Non-medical transportation from the hospital to The Rehab Center

*The Rehab Center at Richfield focuses solely on short-term rehabilitation.*

## OUR REHAB PRE-PLANNING PROGRAM

For individuals who have scheduled elective procedures including knee, hip and spinal surgeries, our unique Pre-Planning Program allows patients to prepare and arrange for their stay in advance. Combining convenience and efficiency, this program offers peace of mind at a crucial time for patients and families alike. We invite you to learn more about The Rehab Center and our unique environment for recovery. Simply call **540.380.4500** to speak with an admissions counselor.
