

Mountain View Lane Welcome home!

Nursing Care at Richfield Living is now even more personal

At **Richfield Living's Recovery & Care Center**, we are shifting away from an institutional model of care in order to improve our residents' quality of life. This is a first for a nursing facility in Southwest Virginia!

Our new 21-resident household, **Mountain View Lane**, is a major step in this new direction. This comfortable space encourages residents to make their own care decisions. They determine the course of their day, including deciding on when to wake up, when to eat and when he or she prefers to bathe.

Carpeted private accommodations surround living areas with televisions, fireplaces, and hearth. The heart of the household is the kitchen, where residents' favorite snacks are always available. When it comes to meals, our dining room encourages fellowship and everyone has a place at the table.

Mountain View Lane's care team is consistent, licensed and cross-trained. Residents receive quality service at any time, for any need, from familiar and trusted faces.

Richfield Living would love the opportunity to welcome you to our household! Please contact **Rebecca Austin** at **540.444.3661** to schedule a private tour.

When you ring the doorbell to Mountain View Lane, you will feel the difference in nursing care that Richfield Living has and continues to make. It would be our pleasure and great honor to have you and your loved ones call us home.
