

Richfield Living is a not-for-profit senior living and healthcare community located in Roanoke County near the City of Salem. Our 50 beautifully landscaped acres, with two lakes and breathtaking views of the mountains, combined with a full continuum of services and accommodations, provide a setting where individuals become members of a secure, supportive and active community.

With a focus to encourage vibrant living and individual wellness, 2021 brings exciting new senior apartment options and convenient Town Center amenities catered to those looking for an active, independent lifestyle. The restructured campus will also include brand new care suites featuring person-centered care in The Health Center to promote personal well-being and joy-filled living.

Independent Living

A new day is dawning at Richfield Living. With a long history as a leader in providing housing, care and services to those we serve, Richfield living is setting course for the future with a renewed commitment to our mission to serve older adults in the Salem-Roanoke community.

At Richfield Living our goal is making a difference every day while helping individuals experience life to the fullest through every phase of their journey

Assisted Living & Memory Care

At Richfield Living, we offer two distinct assisted living residences on our campus: **The Oaks** and **Joseph C. Thomas Center**. Our residences offer twenty-four hour supervision, activity and wellness programs, health monitoring, medication management, meals and assistance with personal care. We strive to provide environments that are nurturing, comfortable and secure, where each resident's individual qualities are recognized and respected.

The **Joseph C. Thomas Center** offers two households dedicated to **memory care**. Within these households, we incorporate residency-directed approaches and life enrichment programming with the goal of enhancing the quality of life for our residents.

Households

Along with long-term care services, we offer short-term skilled nursing and rehabilitation in our Households at **The Health Center** to patients recovering from surgery, injury or illness. Licensed to participate in both Medicare and Medicaid programs, our goal is to nurture the needs and spirit of each resident.

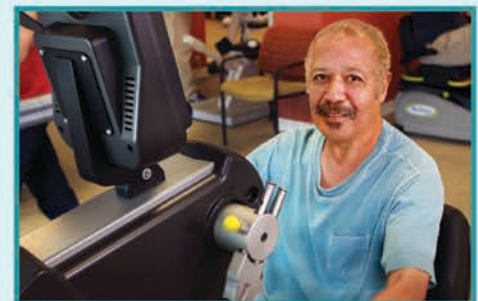

Short-Term Rehab

The Health Center at Richfield provides rehabilitation services to patients who are still recovering from surgery, injury or illness, and serves as a bridge between a hospital stay and the patient's return home.

Amenities that set us apart include all private accommodations with full bathrooms, meals made to order, flat screen TV's, WiFi internet access, personal laundry facilities and exceptional physical, occupational and speech therapy services.

Outpatient Therapy

Richfield Living offers outpatient therapy services to residents on our campus, as well as members of all ages and activity levels in the surrounding community. The experienced care team is ready to help you return to work, recreation, home and everything in-between.
